#### MAKE EVERY EVENT MEMORABLE

Enjoy all the benefits of Hilton when you book at the American Hotel in downtown Atlanta. Originally built in 1962, the American Hotel not only played host to renowned guests from Martin Luther King, Jr. to James Brown and Elvis Presley, it also holds the distinction of being the first integrated hotel in Atlanta's burgeoning downtown. This integration shone a light on our little corner of the South and helped us become the premiere hotel of the Atlanta Braves.

From executive board room meetings to intimate weddings, the launch of the American offers a lovingly restored retro-chic experience that honors our rich history.
